Fun n' Friends 進行了大量資料搜集及研究，證明課程對於提升孩子英語有明顯幫助。若希望協助您的孩子學習英語能迅速進步，家長必須注意以下事項，為孩子建立良好的學習習慣。

- ✓ 為孩子設定固定的學習時間表(停課期間應每天使用 30 分鐘至 1 小時)。
- ✓ 建議每次做新課時亦重做舊課至理想分數。
- ✓ 要達至最佳學習效果，重做應最少在一天後進行，重做時亦應重看動畫。
- ✓ 每課首次作答，理想分數應為 70 至 90 分；  
若持續高於 85 分，可考慮升級；  
若低於 70 分，應重做該課。
- ✓ 每課最佳學習時間為 25-30 分鐘。
- ✓ 鼓勵孩子享受學習過程，每課的分數是量度學習進度的工具，並非學習目的

### Directives for using Fun n' Friends Interactive Programme:

Research shows that Fun n' Friends is very effective in helping children improve their English. Under proper guidance and support, your child will achieve results with Fun n' Friends. Here are some support strategies parents can follow to help nurture the learning process:

#### Guidance and Support

- ✓ Schedule a regular timetable for study (we recommend pupils spend 30mins to 1 hours during lesson suspension).
- ✓ Re-do lessons at least once a day to get optimal results. Pupils are suggested to review the videos when redoing the exercises.
- ✓ The best scores to achieve are 70-90.  
If your child receives a score lower than 70, a redo of the entire lesson including watching the whole animation is suggested.  
If your child consistently achieves a score of 85 or above on their first attempt, a level upgrade is suggested.
- ✓ The best learning timeframe is 25-30 mins per day.
- ✓ Encourage your child to enjoy the process of learning. The scores are for measuring his/her learning progress but are not the ultimate goal.
- ✓ Take an active interest in your child's progress by keeping a regular check of your child's report, and providing love and encouragement.
